## ***Notes From Another World***

This is my fifth trivia book. Little did I know, way back in 1966 when I discovered this fascinating "sport" at a Columbia University playoff, that I would someday become known as the "Maven of Trivia" (*Los Angeles Times*). Believe me, it isn't easy going through life—even in this galaxy—tagged an expert in trivialities.

Luckily, I found a few people, more or less sane, who share my enthusiasm for the obscure. When we get together, it's like a bonafide therapy session, only cheaper—though often just as humiliating! Our ranks continue to grow steadily, and it is heartwarming to receive letters from trivia buffs across the country. I love it! If you'd care to write, the address is Box 727, Hollywood, CA 90028.

Before I forget, the photographs in this book are from the Howard Frank Collection. They, and others, are available through Personality Photos, Inc., Box 50, Brooklyn, New York 11230.

Enjoy.
